Dear friends,

It is our pleasure to invite you to join us July 14, 2010 for the 2nd Annual Donald Sanderson Celebrity Golf day. We would truly enjoy having you part of our celebration in our son's memory.

For those of you who knew Donald, you know his passion and zest for life in all aspects. Our son left an amazing impression during his short 21 year life as a young vibrant leader, dedicated teacher, curious student, dedicated teammate, loyal friend, loving son, grandson, nephew and cousin. He is with all of us each and everyday in some way, be it a song, an expression, a smile, a favorite meal, a silly joke, a word of encouragement from a conversation... oh so many ways Donald impacted and influenced others, beyond what any parent would ever dreams possible.

We thank everyone for their ongoing support to build the Donald Sanderson Memorial Fund. Donald's legacy has left us with a strong purpose through his fund to support young leaders in their future and education; to give back to the communities in which he participated and to work with groups and organizations who have similar purpose that surround sports safety, namely in hockey, as well as the need for more awareness and education as it relates to brain trauma.

In the past year we have established awards at R.H. Cornish Public School, Port Perry High School and York University. We are focused this year on developing and extending our support to appropriate organizations to support the second purpose of the fund – awareness and education.

Thank you for deciding to give yourself a special day one of leisure that you are certain to enjoy. The 2009 Golf day was a huge success raising funds well beyond our expectations. The thank you notes and emails we received following the 2009 event added fuel for us to commit to the 2nd annual event.

Have a great day golfing with us; invite your friends and family to join you too!

Warm regards,

Dahna Sanderson
(Mom)

and

Michael Sanderson
(Dad)
